VOICE OF UNIDENTIFIED FEMALE REPORTER: Mr. President, have you received the CIA report on the manual? And specifically, did it recommend disciplinary actions? And what are you gonna do about it? REAGAN: I have to say, from whatever advance information I have, that there was much ado about nothing, that it is not a document that is teaching someone how to assassinate. There's nothing of that kind in it. It was actually a document trying to help leaders of the contras, ah, influence and win over the people. But I have had some information on it and have been assured that there's not one word in there that refers to assassination. <
